LAB RELATED INFORMATION

- Please watch the videos for the lab and attempt the lab exercise prior to your scheduled lab.

- Please come to the zoom room on time; we will be taking attendance at the start of the lab. If you are not punctual, you will not receive your attendance mark. Each week you will have an oral exam during your lab time. Your lab instructor will announce the exam schedule (what time your oral exam will start). The first part of the lab will be for announcements and will be an opportunity for you to ask questions. If you are done early, then the lab instructor may be able to give you your oral exam prior to your scheduled time.

- Lab exercises are due by 11:59pm (CST) on the evening of the lab period in which you are registered.

- Late submissions or submissions in the wrong section, without valid reason, will be marked at a penalty of 50%. However, you must complete the exercise prior to the following Monday at noon (CST) or you will not be able to submit your work.

- If you cannot attend your regular lab section due to illness, interviews, funerals, etc, let your lab instructor know at least one hour before the beginning of the lab. Dependent on the lab instructors’ discretion, other arrangements may be made.

- You will be expected to submit your own work and not a copy of anyone else’s work. Duplication of another person’s work will result in a zero for that exercise for all parties involved regardless if you did the work yourself. If you share your work with others, then you are just as guilty as the one who received your work. Duplicating/sharing work more than once will result in a zero for the entire lab component (10% of your final grade). These cases will be reported to the Associate Dean Academic and may result in stiffer penalties.

- The lab makes up 10% of your final CS115 grade
  - 5% is for in-lab weekly oral exams
  - 5% is for in-lab work

- Marking scheme for weekly in-lab work:
  - 1 mark for punctual attendance (one late will be forgiven)
  - 4 marks for in-lab performance
  - 5 marks total

- There will be six oral exams. Only the five best marks will be counted toward your final grade.
