LAB RELATED INFORMATION

- Please read the lab material before coming to the lab.
- Lab work is to be submitted to the CS330 LAB: Intro to Operating Systems UR Courses module
- Labs are due two hours before your next week’s lab section (i.e. deadlines are: 12:30pm for sections 96 and 97 and 8:30am for section 98).
- Your work should be a unique submission. If your work is deemed to be a copy of someone else’s work, you will receive a zero for your lab submission. In addition, it will be reported to the Dean’s office as an act of misconduct.
- Late submissions, without valid reason, will be marked at a penalty of 50%.
- If you cannot attend your regular lab section due to illness, interviews, funerals, etc, let your lab instructor know prior to the lab. Arrangements will be made so that the 50% penalty does not apply.
- Punctual attendance makes up 1/3 of your lab mark. If you arrive late, you will lose your punctuality mark for that lab.
- One attendance mark and one low lab mark will be forgiven. Of the 11 labs, only 10 lab marks will be used; your lowest mark will be dropped.
- The lab is 15% of your final CS330 grade. You must attend 60% (6/11 labs) in order to receive your lab mark for this semester. If you attend less than that, your lab mark will be 0.
